<b>\$400</b>	Multi zone > 2 tons	

# Furnaces and Boilers

## Eligibility Requirements

- All installations must be a central oil or propane heating system in an existing home (not new construction). For natural gas service and rebate availability, call Vermont Gas Systems at 802-863-4511.
- All boiler installations **must** incorporate high performance circulator pumps (HPCP). For a list of qualified HPCPs, visit [www.encyvermont.com/pumps](http://www.encyvermont.com/pumps).
- All furnace installations **must** have efficient brushless DC motors (e.g. BPM, ECM®, ICM).
- Equipment must be installed by an Efficiency Excellence Network residential heating system contractor. A list of participating contractors is available at [www.encyvermont.com/een](http://www.encyvermont.com/een).
- Cannot be combined with the Home Performance with ENERGY STAR® heating system replacement incentive.

Fuel Type	Minimum Efficiency*
oil	≥ 87% AFUE
propane	≥ 95% AFUE

\*Decimal values .5 and above rounded up. Values .4 and below rounded down.

# Central Wood Pellet Furnaces and Boilers

## Eligibility Requirements

- Rebates are for new, high-efficiency wood pellet furnaces and boilers that are installed as primary central heating systems and that reduce fossil fuel usage.
- Systems must be classified as indoor systems and installed inside.
- Systems must be wood pellet only.
- Systems must have at least 1 week fuel-storage and automated on/off and fuel feed. Qualifying models can be found at [www.erc-vt.org/rebates](http://www.erc-vt.org/rebates).
- Replacement or expansion of existing biomass systems and/or components (including cord wood boilers) and replacement of existing electric heating systems do not qualify. For guidance on replacing an existing system, call 888-921-5990.

Rebate Amount	New Heating System Type <small>(check only one)</small>		Fuel Storage Capacity	Manufacturer	Model #	Installation Date	Efficiency % (Peak HHV)	Unit Capacity (MBh output)
<b>\$2,000</b>	<input type="checkbox"/>	<input type="checkbox"/>

# Terms & Conditions

**REBATE** is for new equipment purchased and installed between January 1, 2016 and June 30, 2016 by customers owning a residence in Vermont. Equipment must be installed within the state of Vermont in a residential home. Rebate forms must be postmarked or received by July 31, 2016. Rebate offer is subject to change without notice and may not be combined with any other offer. **LIMITATIONS:** This form cannot be used for any non-residential project. **PROOF OF PURCHASE:** Invoice(s) must include the quantity, fuel type, manufacturer, model or part number, invoice date, customer name, and installer of the efficient equipment. All sales transactions and installations are subject to verification and inspection. The customer agrees to allow Efficiency Vermont (or, within the City of Burlington, Burlington Electric Department) access to the equipment for purposes of verification and inspection. **LIMITATION OF LIABILITY:** Performance of installed equipment is not guaranteed expressly or implicitly. **ENDORSEMENT:** No particular manufacturers, products, or system designs are endorsed through this program. **PAYMENT:** Allow 60 calendar days for delivery of payment. Incomplete or missing information will delay processing of rebate form and payment. **MAXIMUM PAYMENT** will not exceed 100% of the equipment purchase price. Customer is responsible for all costs associated with sales tax, installation, and disposal/recycling. Customer is responsible for any tax liability associated with rebate payment. **CAPACITY CREDITS/ENVIRONMENTAL CREDITS:** In accepting these financial incentives, the customer agrees that Efficiency Vermont (or, for customers within its service territory, Burlington Electric Department) holds the sole rights to any electric system capacity credits and environmental credits associated with the energy efficiency measures for which incentives have been received.
